

Publication - National Ocean Service - U.S. Coast Pilot 2, covers the Atlantic coast from Cape Cod to Sandy Hook, embracing part of the Massachusetts coast and all of the coasts of Rhode Island, Connecticut, and New York., 2012 (41st) Edition.

Corrections

Chapter 12, Paragraph 142, read:

(142) **Rondout Creek** is entered from the Hudson River at Mile 79W through a dredged channel that leads between two long, submerged jetties to **Eddyville**, about 3 miles above the channel entrance. The jetties are marked by lights at the outer ends and by seasonal daybeacons. In 2008, the controlling depth was 14 feet from the entrance to the second highway bridge about 1.1 miles above the mouth, thence 10 feet to the railroad bridge, thence 6.5 feet to the southwest end of Gumaer Island, thence 5 feet to the head of the dredged channel at Eddyville. An obstruction is at 41°55'20.5"N., 73°58'12.4"W. The channel is partially marked by buoys. The head of practical navigation is at the lock of the abandoned **Delaware and Hudson Canal**, 3.3 miles above the entrance. The lower 2-mile portion of Rondout Creek serves as a harbor for Kingston.
